

DIGITAL OUTDOOR ADVERTISING

Flexible. Engaging. Visually Stunning.

ASAP Energy Inc., 1501 N. Airport Road, Weatherford, OK 73096
Office: 580-772-6076, advertising@asapenergyinc.com

What is a Digital Billboard

A Digital Billboard is computer-controlled electronic display with technological capabilities that interact with its environment to enhance an advertisement. These innovations in outdoor displays respond instantly to temperature fluctuations for inclement weather, sudden or predicted light variations such as cloud cover or sunset, as well as other conditional elements.

Features:

- Ads rotate in a slide show fashion every 8 seconds
- Billboards are located on highways, major arteries and city streets
- Advertiser can change a message with no production cost. They are encouraged to have a "deck" of images to encourage engagement and increase conversion rates.

Why Choose a Digital Billboard

Flexibility. Engagement. Visually Stunning Images.

Great reasons to go with the best

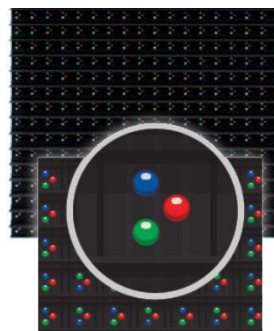

- Digital's changing media draws attention, it's dynamic lighting & colors attract and retain viewers
- Daktronic Billboards are rated among the top in the industry
- Free Artwork: no production cost like vinyl
- Content can be scheduled to change with no additional cost
- Updates are virtually at your account managers fingertips for lightening speed response times
- Sensors are environmentally responsive for continuous calibration for optimal lighting for maximum visibility
- Images /advertisements are enhanced with latest led technology for brightness, clarity, & contrast

Why Choose ASAP Energy Inc.

An aerial photograph of Weatherford, Oklahoma, taken at sunset. The sky is filled with dramatic, orange and purple clouds. In the foreground, a large billboard structure is visible, with its top section displaying the title and a list of advertising opportunities. The billboard's frame is dark, and the text is white. Below the billboard, the town of Weatherford is visible, featuring a mix of residential houses, commercial buildings, and parking lots. The town is surrounded by open fields, and in the far distance, a line of wind turbines can be seen on the horizon.
